

## How You Can Help

Your contributions go to work immediately to help provide food, supplies, enrichment, and health care for our exotic animals.

- \$25 buys supplements for joint and bone health for our senior residents
- \$50 buys a Boomer Ball toy for one of the twelve Tigers
- \$200 buys a month's worth of food for Casper the Lion
- \$500 will buy a new concrete shelter for one of the Cougars, Leopards, Lynx, Servals, Tigers, or Wolves

Make the largest impact in these animal's lives, **Volunteer!**

Please contact us about volunteering. There are many opportunities available where you can help enrich the lives of these animals.

## Who Are We?

**Elmira's Wildlife Sanctuary** exists to provide food, health care, shelter, and enrichment to wolves, parrots, lemurs, cougars, and a variety of other wildlife. We are here to help these exotic animals in their need for a forever home and give them the best life possible.

**Where do these animals come from?** Sometimes sanctuaries just have to close due to financial, medical or legal reasons. Sometimes a facility has

too many animals. When babies get too old or an owner has a need to relocate animals, Elmira's is a place that can be their sanctuary.

In 2008, Elmira's moved to its new location south of Wimauma, Florida. Your help is needed to feed, enrich, and care for the animals, improve the land, and secure our ability to sustain their wellbeing. All monies raised through your donations go directly to the care and feeding of these animals.

Elmira's has no paid staff. As an Elmira's member, you will be invited to special events, be the first to know of new programs, sanctuary enhancements, and enrichment activities. We welcome you to help us grow.
